Simple Shipping Guidelines

Recycle Large Sturdy Boxes

Reused cardboard boxes is the most eco-friendly way to ship your recyclables. Boxes must be no larger than 20"W x 20"H x 24"D and weigh no more than 40 lbs when full.

Go to FundingFactory.com to order UPS shipping labels, or save time and *PRINT* your prepaid labels online instantly.

Securely tape your box shut, then leave it for your UPS driver or take it to any UPS location. To find a UPS near you, **visit UPS.com** or **call 800/742-5877**.

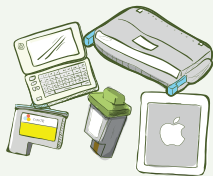

***DO NOT CALL UPS FOR PICK UP!** They will charge you a mandatory fee that can't be waived or reimbursed.

ECO-TIP:

Please consider the environmental impact of ordering shipping materials. Reusing large cardboard boxes for your mixed shipments saves resources used to manufacture and transport new boxes.

Pack Boxes Using the 20/20 Minimum:

20 acceptable items
 i.e., 12 laser cartridges
 + 5 inkjet cartridges
 + 3 cell phones
 = 20 items

-OR-

between 20-40 lbs of items

Maximize Your Shipment

- Line the bottom of the box with crumpled paper or bubble wrap. Also use it to fill empty spaces.
- Remove inkjet/laser toner cartridges from manufacturer's packaging to increase volume in box.
- Seal ink cartridges in plastic bags and wrap laser toner cartridges in newspaper or scrap paper.
- Overpacking can cause product damage—never allow boxes to exceed 40 lbs.
